- Comes complete with EziFit, the approved AS/NZS1158 entry system
- LED Retrofit kit available to update from HPS to LED
- You choose the RAL colour

## LED FEATURES

- LED is built in NZ at a ISO9001 Facility
- Signify (Philips) Xitanium driver
- 3000k and 4000k colour temperatures
- LED Module temperature
- Surge Protection 10kV/10kA
- IES files completed by independently audited and IANZ accredited Photometric laboratory, available on request
- Dimmable

## PRODUCT SPECIFICATIONS

**Input Voltage** 240V/50Hz  
**Surge Protection** 10kV/10kA  
**Driver Design Life** 100,000 hours

**WEIGHT** 4.7kg  
**EPA** .085m<sup>2</sup>  
**COEFFICIENT OF DRAG** 1.0

## MOUNTING OPTIONS

- PENDANT
- SIDE
- POLE TOP

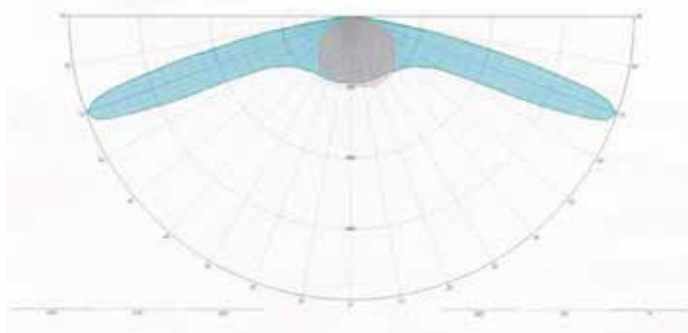

## PERFORMANCE (27w to 33w)

	33W	29W	27W
LED Module Driver Current (mA)	700	PENDING	
Luminaire Power Consumption (W)	27		
Luminaire Total Flux (lm)	3504		
Luminaire Efficiency (lm/w)	113		

## MATERIALS

- Spun NZ Aluminium
- High Impact Acrylic Visors
- IP66
- IK06 rated
- Quality Epoxy Coating, not Powder Coated

## OPTICS (different versions available)
